# **BEFORE THE MOVEMENT**

## **IMMERSIVE LUNCHEON**

**Before the Movement** is a one-of-a-kind immersive luncheon that brings the community into the moment when teens and young adults age out of foster care. You will see and feel that transition through real stories, immersive moments, and connection with young adults from Madi's Movement, building awareness in our Tampa Bay community.

Guests will be guided through intentional, disruptive moments designed to pause, reflect, and deepen understanding of what happens when support ends.
